31 Industrial Drive Middletown New York 10941

December 21, 2009

JAM Associates, Inc.
24 McKinley Lane
Poughkeepsie, NY 12601

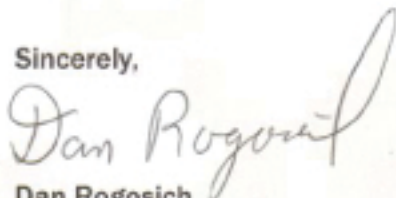

Dear Joe,

This letter is in regards to the roof replacement this past late Fall of 2009, on our 20,000 square foot building performed by JAM Associates. The professionalism you and your staff conveyed during this tremendous task was of the highest level, all details were all thought out properly and there was virtually no disruption to the daily operations of our business.

Along with the highest quality system and materials supplied by Duro-Last, all our worries about our roof for many-many years has been eliminated. I would recommend JAM Associates and Duro-Last (the Worlds Best Roof) to anyone, matter of fact your welcome to have any person considering JAM Associates and Duro-last to personally call or stop by our location to speak with me and view our Duro-Last roof.

Again thank you and your staff for a job very well done, and Happy Holiday's to all.

Sincerely,

Dan Rogosich
President/CEO
